## M/V SILJA

M/V Silja is a multipurpose catamaran suitable for hydrographic geophysical survey- and ROV work, transport of crew (10 pax.) and equipment and environmental protection. Due to her low draught, she can cover a wide survey area from close inshore to long offshore survey grounds. She can be fitted for inshore diving operations.

<b>Type of Vessel</b>	Hydrographic survey vessel and Crew transfer
<b>Owner</b>	JD Crafts A/S
<b>Operator</b>	JD-Contractor A/S
<b>Principal dimensions</b>	
Length over all	27.32 m
Breath moulded	9.20 m
Draught	2.30 m
Air Draught	13.00 m
Gross Tonnage	173 tonnes
Main Engines	2 X 920 kW
Max speed	16 Knots
Accommodation	7 (of which 2 is crew), Additional transport seats for a further 7 pax.
<b>Deck equipment</b>	
Weather Deck	70 m <sup>2</sup> , 1 t/m <sup>2</sup> (3 x 20' container á 12 t)
Deck crane	2 x 5 T at 1.7 m hydraulic crane
<b>When required the vessel can be equipped with:</b>	
	Multibeam echo sounder survey equipment
	ROV inspection and embedding systems
	Pipeline and cable route surveys
	Environmental and surveys and sampling
	Inshore diving operations
